

Mystra Light May 2018

The High Priestess says,
*"Within myself there are
the answers that I need."*

May 2018 Tarot Forecast

For this month's forecast I have combined 2 decks, the Robin Wood and the Osho Zen Tarot, the Transcendental Game of Zen, because during this time it seems that both the mundane and our inner world are converging and balancing, bringing rewards in many areas, personal, social and business like.

There are things unknown that will be made clear in time.

The High Priestess is a card that tell us the answers will be coming through meditation, intuition and inspiration. Intuitive insight will be suggesting new solutions.

Also it advises to keep your projects, plans or intensions to yourself. Speaking about it will diffuse your power.

Find inside yourself what YOU really want. Organize your ideas, and trust yourself. Do not talk about your plans until you are ready.

Inner Voice

The Inner Voice speaks not in words but in the wordless language of the heart. There are times in our lives when too many voices seems to be pulling us this way and that. Our very confusion in such situations is a reminder to seek silence and center within. Only then we are able to hear our truth. - Osho

There are positive feminine influences around you. You count on the support of a sincere, strong, intelligent, caring woman already, and a new one will coming around when you are ready to move on with your plans especially to provide connections for the business aspects of it.

Sharing - Queen of Fire - Everything around you seems to be 'coming together' now. Enjoy it, ground yourself in it, and let the abundance in you and around you overflow. - Osho

Flowering – Queen of Rainbow - Zen wants you living, living in totality, living intensely, over-flowing...This is real compassion, this is real love: sharing your enlightenment, sharing your dance of the beyond. - Osho

You were generous with your time and money in the past, now you will be rewarded by finding the financial support that you need, probably by a business man and/or financial institution. Behaving with integrity will bring you success in the long term.

Compromise – 6 Rainbows - ...whether it is power or the approval of others. If you are tempted to compromise your own truth, beware: the rewards of this kind of compromise always leave a bitter taste in the mouth. - Osho

Abundance – King of Earth – You have to be whole: rich in the body, rich in science, rich in meditation, rich in consciousness. Only a whole person is a holy person, according to me. - Osho
