May 2019 Tarot Spread
Trust yourself.

Now, all the efforts that you put to improving your life are beginning to show results. Projects, business and career are moving forward.

This is no time to rush. The best asset that you have to succeed now is your intuition. It will reveal what is hidden, and it will suggest new solutions.

The time that you will be spending with yourself, meditating, listening your inner voice will manifesting in prosperity. Contemplating the high aspects of yourself will make you aware of the temptation of indulging in the pursuits of frivolities. Also you will recognize the consequences of compromising your integrity, and you will grasping the value to accept responsibilities for your actions.

You will be discovering and learning that you are capable of juggling several things in your life, making your life richer.

All the self searching and awareness will open the path to connect and work with people with good intentions, common goals, integrity, cooperation and reciprocal trust, bringing growth and joy in your life. You will be attracting people that may become significant in your personal life.

Your help, guide and inspiration: *Laiste, Moon's daughter*

Light cast in shadows. Spiritual guidance. Illumination. Riddles.

Laiste spoke the language of symbols, spoken by artists and poets, a language that gives us the keys to the deep levels of our own psychic abilities.

You may be finding that apparently random events and ideas are falling into a pattern and beginning to make sense to you. Things may be flowing more easily, and decisions and choices may be bringing an unusual high degree of success.

Laiste also brings psychic dreams, hunches, intuition fore lighting the future and illumining the present. Psychic abilities are becoming clearer.

To you, my latest poem, *The Perseverance of Life*

Opening my eyes
I can see tiny flowers
rising to life
like new born babies
oblivious to any thing else
but delighting themselves
into the morning breeze.

Opening my eyes again
a burst of daisies
are making their entrance
through the ground
pushing the dry leaves aside
giving themselves outrageously
to the warm charming sun.

I open my eyes, again
and say, why not?
