June 2019 Tarot Spread

A time of transformation is coming into your life.

Inspiration and guidance: XII New Vision - Osho

By allowing all of life's colors to penetrate us, we become more integrated.

Now you are presented with an opportunity to see life in all dimensions, from the depths to the heights. They exist together, and when we come to know from experience that the dark and the difficulties are needed as much as the light and easy, then we begin to have a very different perspective of the world.

XII
NEW VISION

June 2019 Tarot Spread

Now you have the determination to do something about the restraints and limitations in your life. You feel ready to create a way to attain financial stability and maybe an independent source of income. You are open for new solutions, inspiration, contemplating the situation beyond the immediate present, seeing and accepting the need to let go of people that are not attune with your desire to evolve.

You may encounter with an unique opportunity, but take your time for a reality check before considering it, check the liabilities. In the end you will be responsible for the consequences of your choices.

Take a moment just for yourself to be in touch with your inner being, get centered, and sure about what do YOU want in your life. The answers of success are coming from within. Then you can rethink and make adjustments to your plans.

An important person will be appearing into your life as a mentor or a teacher that will helping and guiding you in your search.

You will be able to resolve a recurrent stressful situation, and make a decision that will transform your life and change your destiny for the better.

Inspiration and guidance: X Change - Osho

“The only unchanging thing in the world is change itself.” - The I Ching
Life repeats itself mindlessly. It moves like a wheel: birth is followed by death, death is followed by birth; success is followed by failure, failure is by success... Just see!

Once you see the pattern, you can get out of it.
