The year of hope and surprises!

I have chosen some quotes from famous people born during this lunar year.

This Chinese year started on January 20th, 2023 and will end on February 9th, 2024. While most of Asia celebrate the Year of the Rabbit, Vietnam celebrates the Year of the Cat. This sign is a symbol of longevity, peace, and prosperity. The Year of the Rabbit~Cat brings hope and prosperity your way as well as a few surprises. You can expect luck to be on your side. It will bring learning opportunities, more time to reach for your goals, and a general sense of curiosity.

2023's zodiac element is Water, connected with travel, sensitivity, creativity, and being impressionable. This year, it will be important to stay alert, be ready to manage surprises, and get comfortable with uncertainty in your life and the world.

It can transform almost unbearable tears into something bearable, even hopeful." - Bob Hope

The Sheep, Dog and Pig are compatible with the Rabbit~Cat, they will have a great year. They will see a wealth of opportunities for growth in their careers, relationships or creative endeavors, but do not be deceived by appearances when it comes to decisions.

Dragons, Snakes, Roosters and Rats clash with the Rabbit~Cat energy. They need to slow their pace to make decisions, and carefully make their choices.
