"When you celebrate, the whole existence participates with you." - Osho

Happy Holiday Season!

This is the season when the Messengers from the Light, Love and Magic are closest to us than ever!
Oracle Messages for December 2018

I have chosen four cards from one of my favorite inspirational meditation decks this month, The Magical Mermaids and Dolphins Oracle Cards, Healing with the Angels by Doreen Virtue, The Faeries' Oracle by Brian Froud, with text by Jessica Macbeth, and Osho Zen Tarot, The Transcendental Game of Zen.

Waves of Prosperity – D. Virtue

"Abundance and exciting opportunities wash over you now."

Observe any ideas that enter your mind, as they may be the seeds of a profitable new venture. Also notice any out of the blue phone calls or "chance" meeting with people that can help you. It's a good time to begin a new venture, do your research and follow your inner guidance. You will see that doors open easily for you. Practice being grateful knowing that there is an ocean of abundance.

The singer of the Chalice – B. Froud, and J. Macbeth **Trust – Joy – Patience – Creativity – Hope - Miracles**

People often think that love and hate are two side of the same emotional coin, but that isn't quite true. Anger come from within, burning from our own substance, while love is an energy that flows through us, enlightening and expanding us. All these wonderful feelings (Trust – Joy – Patience – Creativity – Hope - Miracles), are energies that flow through us when we are open to them. They really are all one thing, something that we don't have a word for.

Just remember to be open to this Singer.

First, we have to stop doing things that shut us down - let go of the attitudes, beliefs and emotions that block this energy. Second, we need to actively invite these energies to flow through us; and all that it takes is asking. The energy is already there. It's like opening your arms to hug someone, or opening a door to let them in. With the help of the Singer of the Chalice you can get this one feeling that is all the good feelings in one: trust, joy, patience, creativity, hope, miracles and so on.

Open is open. Be open.

We Are The World - Osho Zen Tarot

This card represent a time of communication, of sharing the riches that each of us bring to the whole. When you cry and weep, when you are miserable, you are alone. When you celebrate, the whole existence participate with you. When thousands and thousands of people around the earth are celebrating, singing, dancing, ecstatic, drunk with the divine, there is no possibility of any global suicide.

Life has been given to you to create, to rejoice, and to celebrate.

Wishing that during this season you will be open to the joy, the beauty and the love surrounding you and ready to celebrate life, and the glory of being alive, Veronica Castagnini
